Profile

Passionate and detail-oriented Software Developer with 3+ years of experience in full-stack development, UI/UX design, and graphic design. Skilled in building responsive web applications, optimizing performance, and creating engaging digital experiences. Known for diligence, honesty, and adaptability, with strong collaboration and problem-solving skills. Committed to enhancing user satisfaction, and driving continuous professional growth.

Experience

KAHUSTLE

April-June 2025

- Full stack developer – Intern
Supported end-to-end development, from designing responsive UIs to optimizing server-side logic and databases. resulting in enhanced user experience and navigation that led to increased customer satisfaction.

INFOTECH

January-March 2025

- Junior Software Developer
Designed and developed contemporary commercial websites for clients using Figma, JavaScript, ReactJS, and VueJS technologies, tailored to their specific needs. This resulted in improved online visibility and brand awareness, leading to increased website traffic and potential customers by 30%.

SKYCORP

July-September 2024

- Web Developer
Designed and developed the company's website from ground up using Adobe XD for design and ReactJS for implementation. The website generated measurable results in website traffic and customer feedback, allowing the startup to evaluate its effectiveness and make informed decisions for future improvements.

Projects

• PINK PALACE

Developed and designed a web application using Figma, JavaScript, and CSS to offer venues for events and rentals for wedding sand photography. As a result of the website, the company experienced a 40% increase in customers and a surge in inquiries, with a notable increase in email communication.

• AMIE FOUNDATION

Designed and implemented a web application using Figma for design, ReactJS, and Bootstrap with the goal to aid the less fortunate by providing access to affordable food. The website helped to increase visibility of the organization and attracted more than 20 volunteers to assist with food distribution.
